Dear Mr. Morris,

EXEMPTION OF OVERTIME PAYMENTS OF PRIVATE PLEASURE AIRCRAFT

I was disappointed to hear that you were requested to pay Customs overtime during your last visit to The Bahamas.

As explained earlier, the Customs Department since 1966, has been instructed to waive all overtime charges in respect of private aircraft piloted by a Master who was not seeking remuneration for his service. As a result, every Customs Officer in The Bahamas since that time, has been advised that no overtime charges should be levied against any private aircraft arriving in The Bahamas or departing.

This instruction remains in force until further notice.

To avoid any problems in the future, please present this letter as the authority waiving Customs overtime in respect of private pleasure aircraft.

Yours truly,

COMPTROLLER OF CUSTOMS

JAR/dcs
